OCA 86-1198

NOTE FOR: Executive Director
FROM: Dave Gries
SUBJECT: Congressional Fellowships

STAT

I'd like to talk to you at your convenience about how the Agency selects Congressional Fellows and what happens to them after they return from Congress. Currently, OCA has little to do with selection; yet, I suspect that we are more able than other offices to identify the characteristics required for successful tours on the Hill. Moreover, officers should work in OCA after returning from the Hill, and therefore OCA should play a key role in the entire process.
